

FCS to Showcase ESG Green Solutions at K 2025

FCS will join K 2025 in Düsseldorf under the theme “Smart Manufacturing × Sustainable Action.” **Key highlights include multi-component molding, recycled material applications,** and the iMF 4.0 system, offering a one-stop solution for energy saving, material efficiency, and carbon tracking.

Visit us at Hall 12 / B80 and explore how FCS turns sustainable manufacturing from vision into reality.
